

Tangerine

B E B E

 B E
There's a tangerine glow on the skyline

 B E
An indistinct morning horizon

 B E
And still I am waiting for you

B E
Still I am waiting for you

 B E/C# B/D# E F# E/G#

I will watch and I will wait

 B E B E

For you, for you

B E
Often my soul grows so weary

 B E
My heart is so frequently faint

 B E
I look toward the day when I'll see you

 B E
The day I'll no longer need faith

[chorus]

 B E
You said that you would be returning

 B E
And the ember inside is still burning

 B E
So I wipe my eyes catch my breath

 C#7 E
And wait for a sign

 C#7 E
And wait for a sign

Tangerine

Heaven's veil torn like the curtain

The fallen will finally rise

They will wake from their sleep and will finally be free
