

# This Is How It Feels

---

[interlude x2]

D7

A wildly verdant garden  
Filled with splendid fruit  
I breathed the gentle atmosphere  
Oh, to be with you

[interlude x1]

Brilliantly, your presence  
Sends a bolt right through  
This quivering, beating heart of mine  
Every day is new

This is how it feels to be here right now with you  
This is how it feels to be here right now with you

I wouldn't mind forever  
From just this point of view  
You and me together  
The elation that ensues

This is how it feels to be here right now with you  
This is how it feels to be here right now with you  
This is how it feels to be here right now with you  
This is how it feels to be here right now with you

[immediate]

I fell in just an instant  
I ate illegal fruit  
All the things, my pleasure  
Begin to fade from view

# This Is How It Feels

---

D  
Though I felt forsaken  
Blinded and confused  
Though my faith was shaken  
Still, I cried to you

This is how it feels to be here right now with you  
This is how it feels to be here right now with you  
This is how it feels to be here right now with you  
This is how it feels to be here right now with you

Yeaaaaaaaaaah!  
Yeaaaaaaaaaah!  
Yeaaaaaaaaaah!  
Yeaaaaaaaaaah!

They say today  
If I hear today  
The intended bond  
Can be remade
